Conference Programme **China – UK** Cancer Conference 2015 Cardiff, UK

Friday 17th July 2015

4.00pm Breakout Sessions 3a-c

Session 3a	Session 3b	Session 3c
CLINICAL TRANSLATIONAL - LUNG, HEAD AND NECK	CLINICAL TRANSLATIONAL - GYNAECOLOGY AND UROLOGY	BASIC AND TRANSLATIONAL
Co-Chairs: Professor Yue Yang and Dr Jason Lester	Co-Chairs: Professor Howard Kynaston and Professor Jun Guo	Co-Chairs: Professor Karl Matter and Professor Deshan Zhou
Dylan Thomas room (Oriel suite)	Reardon Smith Lecture Theatre	Augustus & Gwen John room (Oriel suite)
<p>4.00pm Professor Yue Yang, Beijing Cancer Hospital and Institute: <i>Tumourigenic potential of circulating tumour cells in pulmonary venous blood from non small cell lung cancer patients in a xenograft model</i></p> <p>4.15pm Dr Jason Lester, Velindre Cancer Centre: <i>EGFR mutation-positive NSCLC: The South Wales experience</i></p> <p>4.30pm Professor Yuqin Song, Peking University Cancer Hospital and Institute: <i>The combination of a novel bruton tyrosine kinase (BTK) inhibitor PLS123 and mTOR inhibitor everolimus synergistically induces anti-tumour activity in mantle cell lymphoma</i></p> <p>4.45pm Dr Tracey A. Martin, Cardiff University: <i>The blood brain barrier and the prevention of metastatic disease</i></p> <p>5.00pm Professor Xicheng Song, Yantai Yuhuangding Hospital, Qingdao University: <i>Endoscopic removal of ethmoid osteomas under navigation guidance</i></p>	<p>4.00pm Professor Howard Kynaston, Cardiff and Vale UHB and Cardiff University: <i>Remote-controlled robotic surgery for cancer</i></p> <p>4.15pm Professor Jun Guo, Peking University Cancer Hospital and Institute: <i>A randomized, open-label, multi-center phase II study to compare bevacizumab plus sorafenib versus sorafenib for the third-line treatment of patients with metastatic renal cell carcinoma (NCT02330783)</i></p> <p>4.30pm Professor Nazar Amso, Cardiff University: <i>Screening for ovarian cancer and the challenges ahead: Results from the multicentre UKCTOCS study</i></p> <p>4.40pm Professor Jin Fu, Chongqing Cancer Institute: <i>The comparison of bladder scan and ultrasound system on evaluating the bladder capacity</i></p> <p>4.50pm Dr Dafydd A. Dart, Cardiff University: <i>MicroRNA changes in Pten induced prostate intraepithelial neoplasia (PIN)</i></p> <p>5.00pm Professor Yunong Gao, Peking University Cancer Hospital and Institute: <i>Management of peritoneal metastases in epithelial ovarian, fallopian tube and primary peritoneal carcinoma</i></p>	<p>4.00pm Professor Karl Matter, University College London: <i>The tumour suppressor DLC2 ensures mitotic fidelity by coordinating spindle positioning and cell-cell adhesion</i></p> <p>4.15pm Professor Deshan Zhou, Capital Medical University: <i>C-KIT overexpression promotes development of colorectal mucinous adenocarcinoma in murine model</i></p> <p>4.30pm Dr Pinar Uysal-Onganer, University of Bedfordshire: <i>WNT-11 and JNK pathway: The two faces of neuroendocrine-like differentiation in prostate cancer</i></p> <p>4.40pm Professor Junfang Zheng, Capital Medical University: <i>The role of NHERF in breast cancer</i></p> <p>4.50pm Dr Zhidao Xia, Swansea University: <i>Physicochemical characterisation of bisphosphonates and their potential application for cancer metastasis in bone</i></p> <p>5.00pm Professor Maria Balda, University College London: <i>ZO-1 controls endothelial adherens junctions, cell-cell tension, angiogenesis and barrier formation</i></p>

5.15pm Day 1 of Conference ends

Invitations can be found in delegate packs

5.30pm CUKC 2015 Drinks Reception

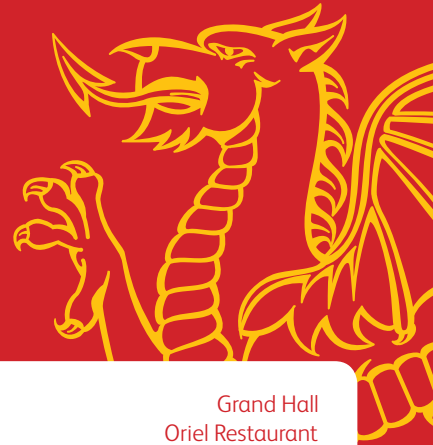

Impressionist Gallery (National Museum, Cardiff)

6.30pm CUKC 2015 Conference Dinner
